

# Help build the **Pansy Avenue Garden and Community Space** and leave your mark for years to come

Be a part of Oak Park's future and history with your name on a personalized paver. To help pay for the completion of the transformation of this vacant lot to a shared community space, we are asking you to buy a brick! These bricks will be used in a special walkway so that, in the years to come, you will be able to bring your children and grandchildren to the "Walkway" to see your name and their names as a permanent legacy of your community.

*Memorialize a departed loved one, profess your love to your spouse, inscribe your family name, commemorate a special occasion like a wedding or birth, or create a lasting inspirational message that will impact generations to come.\**

Thousands of people will cross this path each year, and together the pavers will reflect the legacy of the Oak Park community! All proceeds from this "buy-a-brick" fundraiser will support the installation and operation of a public community space at 3601 Pansy Ave in Sacramento.

- **Standard:** For a donation of **\$150 or greater**, you may customize a personalized brick that will be installed at the project site.
- **Resident:** Residents living within a half mile radius of the project site may personalize a brick for a donation of **\$75 or greater**. Visit [www.alchemistcdc.org/project-area-radius](http://www.alchemistcdc.org/project-area-radius) to verify if you reside within the project area.
- **Corporate sponsor:** Bricks are available with a logo for a donation of **\$300 or greater**. Please contact [davida@alchemistcdc.org](mailto:davida@alchemistcdc.org) or (916) 204-8260 for more information about custom logos/art.

## **Deadlines and more information:**

**Phase One brick donations must be made by May 30, 2019. Phase Two brick donations will be ongoing and installed when purchase minimums are met.**

This will be an on-going campaign. Orders will be accepted throughout the year, but can only be processed in lots of 35 or more bricks. Our goal is to have the bricks delivered and ready to start installing by June 2019!

## **Brick Details**

The bricks are 4" x 8" x 2 1/4" and are engraved using state of the art laser technology. This will ensure strength and durability for many years to come.
